# think Slow Clothing

Slow clothing is a philosophy – a way of thinking about, choosing and wearing clothes to ensure they bring meaning, value and joy to every day.

Come join Jane Milburn, sustainability consultant and author of 'Slow Clothing: Finding meaning in what we wear' and discuss ways to enjoy the garments we wear every day while minimising our material footprint on the world.

**Where:** Fenner Seminar Room,  
Frank Fenner Building 141,  
Linnaeus Way, Acton

**When:** Wednesday 7th February
